

Keeping your family, loved ones and our employees safe is our goal at St. Barnabas Nursing Home.

As of today, 4/30/2021, we have no new cases of COVID-19 as a result of mandatory surveillance testing. We continue to conduct mandatory surveillance testing as recommended by the PA Department of Health and CMS. We have no new clusters of residents or employees that are showing signs and symptoms of COVID-19.

It has been so nice seeing you back in the facility visiting your loved ones. Please remember, while in the facility you are to be wearing a mask at all times and striving to remain socially distanced from all residents and staff.

Our staffing is more than ample and our employee morale remains strong as they are dedicated to the care of our residents.

We monitor COVID-19 updates and follow recommendations and guidelines from the Center for Disease Control and Prevention (CDC), Center for Medicare & Medicaid Services (CMS), the Pennsylvania Department of Health, and the Governor of Pennsylvania.

Please note that this is a fluid situation. You will be made aware of changes as they occur.

If you want your loved one transferred to a hospital, another facility or home, we can help make necessary arrangements.

Thank you for your patience and cooperation during this unprecedented time of the COVID-19 pandemic.

Should you have any additional questions, or if you would like to speak with a representative from St. Barnabas Nursing Home, please call 724-443-0700 and request Aaron Salyards, Administrator, or Jennifer Starr, Director of Nursing.
