

Keeping your family, loved ones and our employees safe is our goal at St. Barnabas Nursing Home.

As of today, October 8, 2021, we have one new case of COVID-19. Visitation has been suspended until all employees and residents both vaccinated and unvaccinated are tested. Thus far, all employees working today and all residents have been tested with no additional positive results. It will require the remainder of today, tomorrow and through the weekend to capture all of the remaining employees that are scheduled to work. The goal is for visitation to resume on Tuesday October 12, 2021 at 0800. You will be notified should this goal change. There have not been any additional clusters of symptoms identified amongst residents or staff.

Our staffing is more than ample and our employee morale remains strong as they are dedicated to the care of our residents.

If you want your loved one transferred to a hospital, another facility or home, we can help make necessary arrangements.

Thank you for your cooperation during this unprecedented time of the COVID-19 pandemic.

Should you have any additional questions, or if you would like to speak with a representative from St. Barnabas Nursing Home, please call 724-443-0700 and request Aaron Salyards, Administrator, or Elaine Hague, Director of Nursing.
