

Our goal is to keep your loved ones, family members, and our employees safe at St. Barnabas Nursing Home.

Please note as of November 30, 2021, we have three new resident cases of asymptomatic COVID-19 as a result of surveillance testing. All employees have been tested with no additional positive results. Per the established guidelines, visitation will continue. There have not been any additional clusters of symptoms identified amongst residents or staff.

Please contact our office BEFORE visiting your loved one, if you suspect you have or were recently in contact with an individual, who is suspected to have COVID -19. Everyone's health is of the utmost importance to us.

The St. Barnabas Nursing Home staffing is more than ample, and our employee morale remains strong as everyone is dedicated to the care of our residents.

If you want your loved one transferred to a hospital, another facility, or home, we can help make necessary arrangements.

Thank you for your cooperation during this unprecedented time of the COVID-19 pandemic.

Should you have any additional questions, or if you would like to speak with a representative from St. Barnabas Nursing Home, please call 724-443-0700 and request Shelly Jenkins, Administrator, or Jackie Armour, Director of Nursing.
